

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Estelle Lakier
DOCKET NO.: 20-01463.001-R-1
PARCEL NO.: 16-32-303-007

The parties of record before the Property Tax Appeal Board are Estelle Lakier, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,933
IMPR.: \$107,406
TOTAL: \$178,339

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction with 2,754 square feet of living area. The dwelling was built in 1986 and is approximately 34 years old. Features of the home include a slab foundation, central air conditioning, and an attached garage with 576 square feet of building area. The subject property has a site with approximately 13,200 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings of brick exterior construction that range in size from 2,538 to 3,099 square feet of living area. The homes range in age from 43 to 48 years old. Two comparables have unfinished partial basements and one comparable has a slab foundation.

Each comparable has central air conditioning, one fireplace and an attached garage ranging in size from 440 to 484 square feet of building area. The comparables are located from approximately .13 to .41 of one mile from the subject property. The comparables have improvement assessments ranging from \$71,934 to \$111,906 or from \$28.34 to \$36.11 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$90,514.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,339. The subject property has an improvement assessment of \$107,406 or \$39.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction with either 2,836 or 2,888 square feet of living area. The homes were built in 1976 and 1977. Each home has a slab foundation, central air conditioning, one fireplace and an attached garage with 440 square feet of building area. Board of review comparable #4 has an in-ground swimming pool. These properties are located from approximately .03 to .34 of one mile from the subject property. The comparables have improvement assessments that range from \$102,922 to \$136,030 or from \$35.64 to \$47.10 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3 as these comparables are improved with dwellings most similar to the subject in size. These three comparables are also similar to the subject in foundation and features with the exception each comparable has one fireplace, a feature the subject does not have, and each comparable has a smaller garage than the subject. These comparables have improvement assessments that range from \$102,922 to \$117,956 or from \$35.64 to \$41.59 per square foot of living area. The subject's improvement assessment of \$107,406 or \$39.00 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given to the appellant's comparable due to differences from the subject dwelling in size and/or foundation. Less weight is given board of review comparable #4 as this property has an in-ground swimming pool, a feature the subject does not have. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
