

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Jette
DOCKET NO.: 20-01516.001-R-1
PARCEL NO.: 16-30-103-001

The parties of record before the Property Tax Appeal Board are William Jette, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,663
IMPR.: \$186,458
TOTAL: \$259,121

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 5,452 square feet of living area. The dwelling was constructed in 1985 and is approximately 35 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 1,054 square foot garage. The property has a 49,658 square foot, or 1.14 acre, site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story homes of brick or wood siding exterior construction ranging in size from 4,469 to 5,508 square feet of living area. The dwellings range in age from 22 to 41 years old. Three homes each have a basement and one home has a concrete

slab foundation. Each home has central air conditioning, one or three fireplaces, and a garage ranging in size from 682 to 888 square feet of building area. The comparables have improvement assessments ranging from \$160,284 to \$195,856 or from \$29.92 to \$37.36 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$293,985. The subject property has an improvement assessment of \$221,322 or \$40.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story homes of brick or brick and wood siding exterior construction ranging in size from 4,950 to 5,333 square feet of living area. The dwellings were built from 1978 to 1988. Each home has a basement, one of which has finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 736 to 1,565 square feet of living area. Comparables #3 and #4 each have an inground swimming pool. The comparables have improvement assessments ranging from \$210,019 to \$250,277 or from \$42.05 to \$46.93 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review's comparables, due to significant differences from the subject in design, dwelling size, foundation type, basement finish, and/or inground swimming pool amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$164,780 to \$195,856 or from \$29.92 to \$37.36 per square foot of living area. The subject's improvement assessment of \$221,322 or \$40.59 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
