

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Murray
DOCKET NO.: 20-01527.001-R-1
PARCEL NO.: 02-32-177-007

The parties of record before the Property Tax Appeal Board are Jeffrey Murray, the appellant; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,497
IMPR.: \$93,137
TOTAL: \$116,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,805 square feet of living area. The dwelling was constructed in 1995 and is approximately 25 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 1,005 square foot garage. The property has a 32,158 square foot, or 0.74 acre, site and is located in Yorkville, Kendall Township, Kendall County.

The appellant contends assessment inequity with regard to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located in the same neighborhood as the subject and are improved with one-story homes of brick or brick and frame exterior construction ranging in size from 2,566 to 2,861 square feet of living area. The dwellings range in age from 16 to 19 years old. The appellant reported that each home has a full basement with finished area. Each home has central air conditioning and a garage ranging in size from 575 to 816 square feet of

building area. Two homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$85,424 to \$102,145 or from \$33.00 to \$36.77 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$90,003 or \$32.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,634. The subject property has an improvement assessment of \$93,137 or \$33.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables where comparables #1 and #3 are the same properties as the appellant's comparables #3 and #4, respectively. The board of review also submitted a map showing the locations of the comparables in relation to the subject. The comparables are located within the same subdivision as the subject and are improved with one-story homes of brick and frame exterior construction ranging in size from 2,832 to 2,918 square feet of living area. The dwellings range in age from 13 to 19 years old. Each home has a partial or full unfinished basement, central air conditioning, and a garage ranging in size from 670 to 1,061 square feet of building area. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$92,069 to \$106,608 or from \$33.00 to \$36.77 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables, with two common comparables, for the Board's consideration. The Board gives less weight to the board of review's comparable #2 and the appellant's comparable #3/board of review's comparable #1, which are each much newer homes than the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, the appellant's comparable #4/board of review's comparable #3, and the board of review's comparable #4, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$85,424 to \$102,145 or from \$31.55 to \$36.77 per square foot of living area. The subject's improvement assessment of

\$93,137 or \$33.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
