

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tequilla Jordan  
DOCKET NO.: 20-01632.001-R-1  
PARCEL NO.: 11-16-332-008

The parties of record before the Property Tax Appeal Board are Tequilla Jordan, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Winnebago County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Winnebago** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,221  
**IMPR.:** \$10,778  
**TOTAL:** \$11,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Winnebago County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction<sup>1</sup> with 988 square feet of living area. The dwelling was constructed in 1970. Features of the home include a basement with finished area, central air conditioning, and a 528 square foot garage. The property has a 6,958 square foot site and is located in Rockford, Rockford Township, Winnebago County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 0.04 to 0.62 of a mile from the subject, one of which is within the same assessment neighborhood code as the subject.

---

<sup>1</sup> Additional details regarding the subject property not reported by the appellant are found in the subject's property record card presented by the board of review.

The parcels range in size from 6,550 to 17,980 square feet of land area<sup>2</sup> and are improved with 1-story homes of aluminum/vinyl siding or brick exterior construction ranging in size from 932 to 1,060 square feet of living area. The dwellings were built in 1968 and 1970. Each home has a basement, one of which has finished area, and central air conditioning. Comparable #3 has a 288 square foot garage. The comparables sold from January 2019 to April 2020 for prices ranging from \$21,000 to \$28,200 or from \$19.81 to \$28.54 per square foot of living area, including land.

The appellant also submitted a copy of the decision of the board of review disclosing the subject property had a total assessment of \$16,844 reflecting a market value of \$50,537 or \$51.15 per square foot of living area, including land, when using the 2020 three-year average median level of assessment for Winnebago County of 33.33% as determined by the Illinois Department of Revenue.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$8,833 which would reflect a market value of \$26,502 or \$26.82 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment the board of review submitted information on three comparable sales, together with a grid analysis of the appellant's comparables and a map depicting the locations of both parties' comparables in relation to the subject. The comparables are located within the same assessment neighborhood code as the subject. The parcels range in size from 6,596 to 15,960 square feet of land area and are improved with 1-story homes of aluminum/vinyl siding or brick exterior construction ranging in size from 988 to 1,232 square feet of living area. The dwellings were built in 1956 or 1972. Each home has a basement with finished area, central air conditioning, and a garage ranging in size from 264 to 960 square feet of building area. One home has a fireplace. The comparables sold from January 2017 to May 2018 for prices ranging from \$58,000 to \$62,500 or from \$48.70 to \$63.26 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant contended that the board of review's comparables sold in 2017 and 2018, too remote from the assessment date, and two of these comparables are much older and larger homes than the subject dwelling.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

---

<sup>2</sup> Additional details regarding the comparables not reported by the appellant are found in the grid analysis presented by the board of review.

The record contains a total of six comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables, which sold less proximate in time to the January 1, 2020 assessment date than other comparables in this record. Moreover, two of these comparables are much older and larger homes than the subject dwelling.

The Board finds the best evidence of market value to be the appellant's comparables, which are similar to the subject in dwelling size, age, location, and some features, although two of these properties lack finished basement area and two of these properties lack a garage, suggesting that upward adjustments to these comparables would be needed to make them more similar to the subject. These most similar comparables sold from January 2019 to April 2020 for prices ranging from \$21,000 to \$28,200 or from \$19.81 to \$28.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$50,537 or \$51.15 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, such as basement finish and garage amenity, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
