

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nahid & Mateen Khumawala
DOCKET NO.: 20-01756.001-R-1
PARCEL NO.: 07-13-402-020

The parties of record before the Property Tax Appeal Board are Nahid & Mateen Khumawala, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,990
IMPR.: \$76,512
TOTAL: \$88,502

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,974 square feet of living area. The dwelling was constructed in 2002 and is approximately 18 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 572 square foot garage. The property has a 13,740 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables. The comparables are located from 0.43 to 0.84 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 2,085 to 2,268 square feet of living area. The dwellings range in age from 15 to 18 years old. Each home has a full or partial basement, central air conditioning, a fireplace, and a garage ranging in size from

456 to 660 square feet of building area. The comparables have improvement assessments ranging from \$69,119 to \$78,760 or from \$33.15 to \$34.73 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$69,119 or \$35.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,502. The subject property has an improvement assessment of \$76,512 or \$38.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.43 of a mile to 1.50 miles from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 2,002 to 2,268 square feet of living area. The dwellings were built from 2000 to 2005. Each home has a full basement, two of which have finished area, central air conditioning, and a garage ranging in size from 480 to 864 square feet of building area. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$78,096 to \$86,115 or from \$34.67 to \$41.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #3 and the board of review's comparables #1, #3, #4 and #5, due to significant differences from the subject in basement finish and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1 and #2 and the board of review's comparable #2, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$69,119 to \$83,936 or from \$33.15 to \$41.93 per square foot of living area. The subject's improvement assessment of \$76,512 or \$38.76 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
