

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Danos
DOCKET NO.: 20-01850.001-R-1
PARCEL NO.: 16-17-309-004

The parties of record before the Property Tax Appeal Board are Peter Danos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$108,767
IMPR.: \$259,070
TOTAL: \$367,837

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 6,096 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished basement, central air conditioning, four fireplaces and a 934 square foot garage. The property has an 80,590 square foot site and is located in Bannockburn, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located from .04 of a mile to 1.09 miles from the subject property. The appellant also submitted a Multiple Listing Service (MLS) listing sheet for each comparable sale. The comparables have sites that range in size from 79,280 to 145,930 square feet of land area. The comparables are improved with two-story or part one-story and part two-

story dwellings of brick or wood siding exterior construction ranging in size from 4,246 to 9,875 square feet of living area. The dwellings were built from 1926 to 2001 with comparables #3 and #5 each having a reported effective of 1990. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 813 to 1,221 square feet of building area. The properties sold from April 2018 to January 2020 for prices ranging from \$725,000 to \$1,390,000 or from \$140.76 to \$170.75 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$315,383, which would reflect a market value of \$946,244 or \$155.22 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$367,837. The subject's assessment reflects a market value of \$1,104,947 or \$181.26 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .67 of a mile from the subject property. The comparables have sites that range in size from 80,150 to 160,740 square feet of land area. The board of review reported that the comparables are improved with one-story or two-story dwellings of brick or wood siding exterior construction ranging in size from 4,838 to 7,918 square feet of living area. The dwellings were built from 1996 to 2005. One comparable has a concrete slab foundation and three comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 882 to 1,490 square feet of building area. Two comparables each have an inground swimming pool. The properties sold from June 2019 to December 2020 for prices ranging from \$1,050,000 to \$2,707,000 or from \$217.03 to \$341.88 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #3 and #5, as well as board of review comparables #2, #3 and #4 due to differences from the subject in location, site size, dwelling size, design, foundation type, age and/or features.

The Board finds the best evidence of market value to be the appellant's comparable #4 and board of review comparable #1, which are overall most similar to the subject in location, site size,

dwelling size, design, age and features. The comparables sold in June and August 2019 for prices of \$985,000 and \$1,500,000 or \$150.15 and \$247.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,104,947 or \$181.26 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
