

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Jesser
DOCKET NO.: 20-01865.001-R-1
PARCEL NO.: 16-34-304-021

The parties of record before the Property Tax Appeal Board are Charles Jesser, the appellant, by attorney Ellen G. Berkshire of Verros Berkshire, PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,121
IMPR.: \$179,380
TOTAL: \$244,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,788 square feet of living area.¹ The dwelling was constructed in 1986. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 529 square foot garage. The property has a 13,020 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .08

¹ The Board finds the best description of the subject property is found in the subject's property record card presented by the board of review. According to the property record card the subject has a brick and wood siding exterior and a 1,243 square foot basement recreation room, which was not reported by the appellant.

of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 3,392 to 3,951 square feet of living area. The dwellings were built from 1985 to 1987. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 756 square feet of building area. The comparables have improvement assessments that range from \$140,893 to \$162,654 or from \$40.53 to \$41.54 per square foot of living area.² Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$156,785 or \$41.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,501. The subject property has an improvement assessment of \$179,380 or \$47.35 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .16 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,659 to 4,440 square feet of living area. The dwellings were built from 1984 to 1988. The comparables each have a basement, three of which are finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 816 square feet of building area. The comparables have improvement assessments that range from \$177,740 to \$205,840 or from \$46.33 to \$52.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #2 and #4 as none of the comparables have a basement recreation room, like the subject and/or they have dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #5, which are overall more similar to the subject in location, dwelling size, design, age and most features. These comparables have improvement assessments that range from \$177,740 to \$196,606 or from \$48.58 to \$52.22 per square foot of living area. The subject's improvement assessment of \$179,380 or \$47.35 per square foot of living area falls within the range established

² The appellant erroneously calculated the improvement assessment per-square-foot value of each comparable based on the total assessment.

by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
