

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Herbert Schneiderman  
DOCKET NO.: 20-01933.001-R-1  
PARCEL NO.: 16-35-103-010

The parties of record before the Property Tax Appeal Board are Herbert Schneiderman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,335  
**IMPR.:** \$93,070  
**TOTAL:** \$148,405

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,196 square feet of living area. The dwelling was constructed in 1954 and is approximately 66 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and an attached garage with 420 square feet of building area. The property has an approximately 25,240 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 2,052 to 3,368 square feet of living area and range in age from 57 to 67

years old. One comparable is reported to have a full basement with finished area, three comparables are reported to have crawl or concrete slab foundations. Each comparable has central air conditioning, one or two fireplaces and an attached garage that ranges in size from 462 to 752 square feet of building area. The comparables have improvement assessments that range from \$82,103 to \$130,748 or from \$36.27 to \$40.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$84,436.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,405. The subject property has an improvement assessment of \$93,070 or \$42.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,973 to 2,560 square feet of living area. The homes were built in 1956 or 1964. Three comparables are reported to have full unfinished basements and one comparable is reported to have a crawl space foundation. Each comparable has central air conditioning and an attached garage that ranges in size from 418 to 504 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$105,387 to \$123,097 or from \$45.15 to \$53.41 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 due to a larger dwelling size or having finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with the board of review comparables which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments that range from \$82,103 to \$123,097 or from \$40.01 to \$53.41 per square foot of living area. The subject's improvement assessment of \$93,070 or \$42.38 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
