

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Greenhill
DOCKET NO.: 20-01934.001-R-1
PARCEL NO.: 16-35-301-025

The parties of record before the Property Tax Appeal Board are Daniel Greenhill, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 49,373
IMPR.: \$100,926
TOTAL: \$150,299

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level style single-family dwelling of brick and wood siding construction containing 1,869 square feet of above ground living area. The dwelling was built in 1964 and is approximately 56 years old. Features of the home include a lower level with 928 square feet of finished area, central air conditioning, one fireplace and an attached garage with 480 square feet of building area. The property has a 20,120 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables improved with tri-level style dwellings of brick or wood siding exterior construction. The homes range in size from 2,049 to 2,285 square feet of above ground living area and are either 58 or 65 years old. Each property has a lower level with finished area ranging

in size from 308 to 789 square feet and central air conditioning. One dwelling has two fireplaces and two comparables each have an attached garage of either 462 or 900 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$93,046 to \$108,206 or from \$44.66 to \$51.04 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$87,905 or \$47.03 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,299. The subject property has an improvement assessment of \$100,926 or \$54.00 per square foot of above ground living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables improved with tri-level style dwellings of brick and wood siding exterior construction ranging in size from 1,869 to 1,994 square feet of above ground living area. The homes range were built in 1963 and 1964, with comparable #3 having an effective age of 1977. Each property has a lower level with either 841 or 928 square feet of finished area, central air conditioning and one or two fireplaces. Each comparable has an attached garage ranging in size from 440 to 483 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$104,231 to \$113,134 or from \$54.60 to \$60.53 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #2 which are older dwellings than the subject and one of which lacks a garage which is a feature of the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with the board of review comparables as these properties are most similar to the subject in location, age, size and most features. These six comparable have improvement assessments that range from \$104,231 to \$113,134 or from \$51.04 to \$60.53 per square foot of above ground living area. The subject's improvement assessment of \$100,926 or \$54.00 per square foot of above ground living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for

differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
