

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Doug Snower  
DOCKET NO.: 20-01942.001-R-1  
PARCEL NO.: 16-27-403-008

The parties of record before the Property Tax Appeal Board are Doug Snower, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,576  
**IMPR.:** \$98,359  
**TOTAL:** \$145,935

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of composite exterior construction with 2,354 square feet of living area. The dwelling was constructed in 1960 with an effective built date of 1983 due to renovations in 2007. The dwelling also has a chronological age of approximately 60 years old. Features of the home include a part basement and part concrete slab foundation, central air conditioning, and a 660 square foot detached garage.<sup>1</sup> The property has an approximately 9,866 square foot site and is located in Highland Park, Moraine Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables with the same assessment neighborhood code as the subject and located within 0.68 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,136 to 2,632 square feet of living area. The dwellings range in age from 42 to 55 years old. The appellant's grid analysis disclosed that one comparable has an unfinished basement, one comparable has a crawl space foundation, and two comparables each have a part basement and part crawl space foundation. Each comparable has a central air conditioning and a garage ranging in size from 264 to 516 square feet of building area. The comparables have improvement assessments that range from \$78,839 to \$91,023 or from \$33.37 to \$37.96 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$85,979 or \$36.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,935. The subject property has an improvement assessment of \$98,359 or \$41.78 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from 0.17 of a mile to 1.05 miles from the subject property. The comparables are improved with 2-story dwellings of aluminum siding, brick, or brick and wood siding exterior construction ranging in size from 2,298 to 2,490 square feet of living area. The dwellings were built from 1952 to 1975 with effective built dates from 1968 to 1982. Two comparables each have a finished lower level, three comparables each have a full basement with one having finished area, and one comparable has a crawl space foundation and a basement with finished area. Each comparable has central air conditioning and a garage ranging in size from 378 to 529 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$99,841 to \$108,295 or from \$40.42 to \$46.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparable #5 due to their lack of a basement which is a feature of the subject, and/or larger dwelling size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$82,605 to \$106,226

or from \$37.79 to \$44.54 per square foot of living area. The subject's improvement assessment of \$98,359 or \$41.78 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
