

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Friend  
DOCKET NO.: 20-01944.001-R-1  
PARCEL NO.: 16-34-308-001

The parties of record before the Property Tax Appeal Board are Peter Friend, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$52,733  
**IMPR.:** \$93,689  
**TOTAL:** \$146,422

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,445 square feet of living area. The dwelling was built in 1964 and is 56 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot attached garage. The property has an approximately 12,275 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.22 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or aluminum siding exterior construction that range in size from 2,266 to 3,132 square feet of living area. The dwellings are from 56 to 106 years old. Each comparable has a basement with two having finished area, central air conditioning, and a garage that ranges from 400 to 761 square

feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$70,842 to \$82,232 or from \$26.26 to \$32.93 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$73,105 or \$29.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$146,422. The subject has an improvement assessment of \$93,689 or \$38.32 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.22 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and vinyl siding or brick and wood siding exterior construction that range in size from 2,164 to 2,461 square feet of living area. The dwellings were built in 1963 or 1964 with comparable #4 having an effective built date of 1965. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage that ranges from 420 to 484 square feet of building area. The comparables have improvement assessments ranging from \$85,952 to \$94,558 or from \$38.31 to \$42.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 which differs from the subject in age.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$71,793 to \$94,558 or from \$26.26 to \$42.18 per square foot of living area. The subject's improvement assessment of \$93,689 or \$38.32 per square foot of living area, falls within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
