

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Lucas  
DOCKET NO.: 20-01954.001-R-1  
PARCEL NO.: 16-15-105-028

The parties of record before the Property Tax Appeal Board are Andrew Lucas, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,686  
**IMPR.:** \$88,703  
**TOTAL:** \$137,389

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 1,984 square feet of living area. The dwelling was constructed in 1985 and is 35 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 462 square foot attached garage. The property has an approximately 11,400 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,060 to 2,248 square feet of living area. The dwellings range in age from 50 to 60 years old. The appellant reported that each comparable has a full basement, one of which has finished

area. The comparables each have central air conditioning and a garage that ranges in size from 440 to 550 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$80,915 to \$86,002 or from \$36.00 to \$40.93 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$77,524.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,389. The subject property has an improvement assessment of \$88,703 or \$44.71 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,284 to 2,478 square feet of living area. The dwellings were built from 1970 to 1995 and have full basements, two of which have recreation rooms. The comparables each have central air conditioning, a fireplace and a garage that ranges in size from 480 to 630 square feet of building area. The comparables have improvement assessments that range from \$101,517 to \$143,155 or from \$42.65 to \$57.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which has finished basement area unlike the subject and to board of review comparables #1, #2 and #3 which are 20 to 25% larger in dwelling size than the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #3 and #4 along with board of review comparables #4 and #5 which are similar to the subject in location, design and features with varying degrees of similarity in dwelling size and age. The Board finds the appellant's comparables are more similar in dwelling size while the board of review comparables are more similar in age when compared to the subject. Nevertheless, these comparables have improvement assessments ranging from \$81,533 to \$109,298 or from \$39.20 to \$47.40 per square foot of living area. The subject's improvement assessment of \$88,703 or \$44.71 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences in dwelling size, age and other characteristics, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
