

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amy Rosenblum
DOCKET NO.: 20-01955.001-R-1
PARCEL NO.: 16-22-410-001

The parties of record before the Property Tax Appeal Board are Amy Rosenblum, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,518
IMPR.: \$78,876
TOTAL: \$137,394

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick and wood siding exterior construction with 2,013 square feet of living area. The dwelling was constructed in 1954 and is approximately 66 years old. The dwelling has a reported effective age of 1958. Features of the home include a full basement with a recreation room, central air conditioning, a fireplace and a 286 square foot garage.¹ The property has a 10,280 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject dwelling is found in the property record card provided by the board of review disclosing the basement has a recreation room, which was unrefuted by the appellant.

comparables are improved with 1.75-story, 2-story or 3-story dwellings of brick or wood siding exterior construction ranging in size from 2,108 to 2,360 square feet of living area. The dwellings range in age from 85 to 95 years old. The appellant reported that each comparable has a full unfinished basement, central air conditioning, a fireplace and a garage that ranges in size from 200 to 484 square feet of building area. The comparables have improvement assessments that range from \$63,538 to \$76,248 or from \$28.24 to \$32.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$62,755.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,394. The subject property has an improvement assessment of \$78,876 or \$39.18 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick, brick and wood siding, or stone and wood siding exterior construction ranging in size from 2,033 to 2,240 square feet of living area. The dwellings were built from 1945 to 1968 and have reported effective ages ranging from 1955 to 1980. The board of review reported that each comparable has a basement with a recreation room, central air conditioning and a garage that ranges in size from 484 to 624 square feet of building. Four comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$90,571 to \$127,667 or from \$42.52 to \$62.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as each dwelling has an unfinished basement in contrast to the subject's basement with a recreation room. The Board also gives less weight to board of review comparable #5 which appears to be an outlier due to its considerably higher improvement assessment than the other comparables in the record.

The Board finds the best evidence of assessment equity to be comparables #1 through #4 submitted by the board of review. These comparables overall are more similar to the subject in location, dwelling size, design, year built, and most features. The comparables have improvement assessments that range from \$90,571 to \$105,616 or from \$42.52 to \$47.76 per square foot of living area. The subject's improvement assessment of \$78,876 or \$39.18 per

square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
