

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Bina  
DOCKET NO.: 20-01961.001-R-1  
PARCEL NO.: 16-36-102-015

The parties of record before the Property Tax Appeal Board are Mark Bina, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,613  
**IMPR.:** \$80,978  
**TOTAL:** \$134,591

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of vinyl siding and brick exterior construction with 1,772 square feet of living area. The dwelling was constructed in 1925 and has an effective age of 1950. Features of the home include a basement with a recreation room, central air conditioning, a fireplace, and a 400 square foot garage. The property has an approximately 5,200 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, stucco or wood siding exterior construction ranging in size from 1,519 to 2,282 square feet of living area. The dwellings range in age from 92 to 96 years old. The appellant reported the comparables have basements, one of

which has finished area. Two comparables have central air conditioning. Each comparable has one fireplace and a garage that ranges in size from 240 to 400 square feet of building area. The comparables have improvement assessments that range from \$46,847 to \$70,571 or from \$29.10 to \$32.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,178.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,591. The subject property has an improvement assessment of \$80,978 or \$45.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of wood siding, stucco, brick and wood siding, or brick and aluminum siding exterior construction ranging in size from 1,632 to 1,858 square feet of living area. The dwellings were built from 1925 to 1951 with reported effective ages from 1954 to 1960. Each comparable has a basement with a recreation room and central air conditioning. Two comparables each have one or two fireplaces. Four comparables each have a garage that ranges in size from 242 to 720 square feet of building. The comparables have improvement assessments that range from \$75,361 to \$88,090 or from \$46.18 to \$51.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 along with board of review comparables #1, #2 and #4 due to differences in dwelling size, year built and/or lack of finished basement area when compared to the subject. The Board finds the best evidence of assessment equity to be appellant's comparable #2 along with comparables #3 and #5 submitted by the board of review. These comparables are overall more similar to the subject in location, design, dwelling size, age and features. These comparables have improvement assessments ranging from \$47,988 to \$87,322 or \$29.48 to \$51.24 per square foot of living area. The subject's improvement assessment of \$80,978 or \$45.70 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
