

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Goldfarb  
DOCKET NO.: 20-01968.001-R-1  
PARCEL NO.: 16-10-312-009

The parties of record before the Property Tax Appeal Board are Michael Goldfarb, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,876  
**IMPR.:** \$92,903  
**TOTAL:** \$131,779

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,214 square feet of living area. The dwelling was constructed in 1967 and is approximately 53 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 420 square foot garage. The property has an 8,380 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,336 to 2,674 square feet of living area. The dwellings range in age from 41 to 81 years old. The comparables each have a basement, two of which have

finished area. Each comparable has central air conditioning and a garage that ranges in size from 462 to 651 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$83,464 to \$95,589 or from \$34.55 to \$35.73 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$80,202.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,779. The subject property has an improvement assessment of \$92,903 or \$41.96 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story or two-story dwellings of brick and wood siding exterior construction ranging in size from 1,975 to 2,176 square feet of living area. The dwellings were built from 1955 to 1967. Two comparables have unfinished basements and two comparables have crawl space foundations. Three comparables have central air conditioning and each comparable has a garage that ranges in size from 506 to 550 square feet of building area. One comparable has one fireplace and one comparable has an inground swimming pool. The comparables have improvement assessments that range from \$68,242 to \$95,602 or from \$33.23 to \$43.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2, as well as board of review comparables #2, #3 and #4 due to differences in age, dwelling size, design and/or foundation type when compared to the subject. The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with board of review comparable #1. These comparables are overall more similar to the subject in location, dwelling size, design, age and most features with the exception that two comparables lack finished basement area. Nevertheless, these comparables have improvement assessments that range from \$83,464 to \$95,602 or from \$38.32 to \$43.93 per square foot of living area. The subject's improvement assessment of \$92,903 or \$41.96 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
