

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Randee Newman
DOCKET NO.: 20-01970.001-R-1
PARCEL NO.: 16-36-118-034

The parties of record before the Property Tax Appeal Board are Randee Newman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,291
IMPR.: \$80,918
TOTAL: \$134,209

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick and wood siding exterior construction with 1,885 square feet of living area. The dwelling was constructed in 1938 and is approximately 82 years old with a reported effective year built of 1954. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 231 square foot garage. The property has a 5,220 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick exterior construction ranging in size from 1,656 to 2,199 square feet of living area. The dwellings range in age from

74 to 91 years old and have unfinished basements. One comparable has central air conditioning. Three comparables each have one fireplace. Three comparables each have a garage that ranges in size from 180 to 660 square feet of building area. The comparables have improvement assessments that range from \$65,095 to \$87,839 or from \$38.58 to \$39.94 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$73,939.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,209. The subject property has an improvement assessment of \$80,918 or \$42.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.75-story or 2-story dwellings of vinyl siding, wood siding, or brick and wood siding exterior construction ranging in size from 1,672 to 1,940 square feet of living area. The dwellings were built from 1925 to 1928 with effective years built ranging from 1954 to 1965. The comparables have basements, two of which have recreation room and one of which is a walkout design. Each comparable has central air conditioning and a garage that ranges in size from 198 to 720 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$78,857 to \$92,356 or from \$43.96 to \$51.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 which lack central air conditioning and/or a garage unlike the subject. The Board finds the best evidence of assessment equity to be the remaining comparables in the record which are relatively similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments that range from \$78,857 to \$92,356 or from \$39.94 to \$51.24 per square foot of living area. The subject's improvement assessment of \$80,918 or \$42.93 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
