

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcia Plazyk
DOCKET NO.: 20-01971.001-R-1
PARCEL NO.: 16-26-206-010

The parties of record before the Property Tax Appeal Board are Marcia Plazyk, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,738
IMPR.: \$64,625
TOTAL: \$134,363

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of wood siding exterior construction with 2,027 square feet of living area. The dwelling was constructed in 1920 and is approximately 100 years old. Features of the home include an unfinished basement, a fireplace and a 400 square foot garage. The property has an approximately 8,450 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story, 2-story or 2.5-story dwellings of brick or wood siding exterior construction ranging in size from 1,575 to 2,468 square feet of living area. The dwellings range in age from 73 to 101 years old. The appellant reported that each comparable

has an unfinished basement, one or two fireplaces and a garage that ranges in size from 324 to 484 square feet of building area. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$42,201 to \$73,715 or from \$25.89 to \$29.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,033.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,363. The subject property has an improvement assessment of \$64,625 or \$31.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 1.75-story dwellings of wood siding, brick, or brick and aluminum siding exterior construction ranging in size from 1,932 to 2,080 square feet of living area. The dwellings were built from 1917 to 1941 and comparables #4 and #5 have reported effective ages of 1963 and 1948, respectively. The board of review reported each comparable has a basement, three of which have a recreation room. Three comparables have central air conditioning. Each comparable has a fireplace and a garage that ranges in size from 216 to 420 square feet of building. The comparables have improvement assessments that range from \$62,717 to \$99,444 or from \$32.46 to \$47.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #4 and #5 due to differences in age, effective age and/or dwelling size when compared to the subject. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3. These comparables are more similar to the subject in location, dwelling size and age. However, two comparables have finished basement area and one comparable has central air conditioning which are not features of the subject. Nevertheless, these comparables have improvement assessments ranging from \$62,712 to \$69,165 or from \$32.46 to \$34.36 per square foot of living area. The subject's improvement assessment of \$64,625 or \$31.88 per square foot of living area is within the range established by the best comparables in the record on an overall basis but below on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences in features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
