

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Ori  
DOCKET NO.: 20-01975.001-R-1  
PARCEL NO.: 16-15-204-010

The parties of record before the Property Tax Appeal Board are Lee Ori, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,955  
**IMPR.:** \$88,716  
**TOTAL:** \$126,671

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story duplex of brick exterior construction with 2,656 square feet of living area. The dwelling was constructed in 1965 and is approximately 55 years old and features a full unfinished basement. The property has an approximately 9,230 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story duplexes of brick exterior construction ranging in size from 2,644 to 3,168 square feet of living area. The dwellings range in age from 56 to 87 years old. The appellant reported that each comparable has a full basement, one of which has finished area. One comparable has central air conditioning, two comparables each have a fireplace and

each comparable has a garage ranging in size from 528 to 936 square feet of building area. The comparables have improvement assessments that range from \$66,897 to \$95,887 or from \$25.30 to \$30.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$77,090.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,671. The subject property has an improvement assessment of \$88,716 or \$33.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story or two-story duplexes of brick exterior construction ranging in size from 2,296 to 2,964 square feet of living area. The dwellings were built from 1960 to 1969. The board of review reported that each comparable has a full unfinished basement, central air conditioning and a garage that ranges in size from 484 to 812 square feet of building area. The comparables have improvement assessments that range from \$77,757 to \$98,796 or from \$33.33 to \$35.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds none of the comparables are truly similar to the subject due to differences in dwelling size, design, age and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #1, #2 and #3 due to their larger dwelling sizes or older age when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be appellant's comparable #4 and the board of review comparables, which are similar to the subject in location, dwelling size and age. However, all comparables have garages and five comparables have central air conditioning which are not features of the subject. In addition, four comparables are two-story designs when compared to the subject's one-story design. Nevertheless, these comparables have improvement assessments ranging from \$77,757 to \$93,951 or \$30.53 to \$35.80 per square foot of living area. The subject's improvement assessment of \$88,716 or \$33.40 per square foot of living area is within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences in design and features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
