

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nida Marouf  
DOCKET NO.: 20-01979.001-R-1  
PARCEL NO.: 16-15-303-007

The parties of record before the Property Tax Appeal Board are Nida Marouf, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,953  
**IMPR.:** \$71,299  
**TOTAL:** \$125,252

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,585 square feet of above ground living area. The dwelling was constructed in 1956 and is approximately 64 years old. Features of the home include a lower level with finished area, central air conditioning and a 320 square foot garage located in the basement.<sup>1</sup> The property has an approximately 13,840 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The

<sup>1</sup> The Board finds the best description of the subject property is found in the property record card submitted by the board of review disclosing the subject has a garage located in the basement, which was not reported by the appellant.

comparables are improved with tri-level dwellings of brick exterior construction ranging in size from 1,334 to 1,813 square feet of above ground living area. The dwellings range in age from 63 to 81 years old. The appellant reported that each comparable has a lower level with finished area, three comparables have central air conditioning, three comparables each have a fireplace and two comparables each have a garage with 460 square feet of building area. The comparables have improvement assessments that range from \$48,411 to \$67,085 or from \$33.27 to \$40.61 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,001.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,252. The subject property has an improvement assessment of \$71,299 or \$44.98 per square foot of above ground living area. In support of its contention of the correct assessment, the board of review submitted a copy of the subject's property record card, along with information on five equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with tri-level dwellings of brick and wood siding exterior construction ranging in size from 1,455 to 1,700 square feet of above ground living area. The dwellings were built from 1956 to 1959. The board of review reported each comparable has a lower level with finished area and central air conditioning. Two comparables have a fireplace and three comparables each have a garage ranging in size from 264 to 378 square feet of building area. The comparables have improvement assessments that range from \$71,174 to \$80,832 or from \$46.26 to \$53.21 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 due to differences from the subject in dwelling size and age. The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments ranging from \$48,411 to \$80,832 or from \$33.27 to \$53.21 per square foot of above ground living area. The subject's improvement assessment of \$71,299 or \$44.98 per square foot of above ground living area falls within the range established by the best comparables in the record. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
