

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Cohn
DOCKET NO.: 20-01981.001-R-1
PARCEL NO.: 16-36-213-004

The parties of record before the Property Tax Appeal Board are Bradley Cohn, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,159
IMPR.: \$59,022
TOTAL: \$120,181

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,250 square feet of above ground living area. The dwelling was constructed in 1971 and is 49 years old. Features of the home include a finished lower level and central air conditioning. The property has a site with approximately 8,947 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of wood siding or brick exterior construction ranging in size from 1,223 to 1,500 square feet of above ground living area. The dwellings range in age from 52 to 64 years old. Each comparable has a lower level with finished area and central

air conditioning. The appellant reported that two comparables each have one fireplace and two comparables have an attached garage with either 299 or 440 square feet of building area. The comparables have improvement assessments that range from \$50,200 to \$64,551 or from \$40.98 to \$43.03 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$52,406.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,181. The subject property has an improvement assessment of \$59,022 or \$47.22 per square foot of above ground living area. In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick or brick and wood siding exterior construction ranging in size from 1,079 to 1,275 square feet of above ground living area. The dwellings were built from 1954 to 1977 with two oldest comparables having reported effective years built of 1974 and 1977, respectively. Each comparable has a lower level with finished area, five comparables have central air conditioning, three comparables have one fireplace and five comparables have attached garages ranging in size from 264 to 552 square feet of building area. The comparables have improvement assessments that range from \$58,650 to \$67,490 or from \$48.89 to \$54.36 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 along with board of review comparables #1 and #3 through #6 as each comparable has a garage unlike the subject. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 along with board of review comparable #2 which are overall more similar to the subject in location, dwelling size, design, and features. However, both appellant's comparables are 13 or 15 years older in age than the subject, suggesting an upward adjustment to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments that range from \$50,200 to \$62,594 or from \$41.05 to \$49.09 per square foot of above grade living area. The subject's improvement assessment of \$59,022 or \$47.22 per square foot of above grade living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
