

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Greenberg
DOCKET NO.: 20-01988.001-R-1
PARCEL NO.: 16-25-309-036

The parties of record before the Property Tax Appeal Board are Scott Greenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$163,084
IMPR.: \$455,979
TOTAL: \$619,063

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding and Dryvit exterior construction containing 7,080 square feet of living area. The dwelling was built in 1991 with an effective date of construction of 1999 and a chronological age of 29 years old. Features of the home include a walk-out basement with a recreation room, central air conditioning, two fireplaces, and an attached garage with 957 square feet of building area. The property has a site with approximately 34,990 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story or three-story dwellings of stucco or brick exterior construction ranging in size from 6,063 to 7,905 square feet of living area. The homes range in

age from 20 to 41 years old. Each comparable has a basement with finished area, central air conditioning, one to four fireplaces, and an attached garage ranging in size from 782 to 975 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$319,968 to \$394,268 or from \$48.46 to \$61.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$423,667.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$619,063. The subject property has an improvement assessment of \$455,979 or \$64.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 7,035 to 7,745 square feet of living area. The homes were built from 1991 to 1998. Each property is reported to have a basement with a recreation room, central air conditioning, one or three fireplaces, and an attached garage ranging in size from 936 to 1,475 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$380,192 to \$541,695 or from \$49.69 to \$77.00 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables submitted by the parties to support their respective positions. The Board gives less weight to appellant's comparables #2 and #3 due to differences from the subject dwelling in style or age and to board of review comparable #3 which has inground swimming pool unlike the subject. The Board finds the best comparables in this record to be the parties' four remaining comparables which overall are more similar to the subject in location, age, size and features. These comparables have improvement assessments that range from \$326,601 to \$541,695 or from \$52.43 to \$77.00 per square foot of living area. The subject's improvement assessment of \$455,979 or \$64.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
