

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian May  
DOCKET NO.: 20-01999.001-R-1  
PARCEL NO.: 17-31-302-125

The parties of record before the Property Tax Appeal Board are Brian May, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$105,822  
**IMPR.:** \$335,989  
**TOTAL:** \$441,811

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,171 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 662 square foot garage. The property has a 15,598 square foot site<sup>1</sup> and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal; no dispute was raised concerning the land assessment. In support of this argument the appellant submitted information on four equity comparables improved with two-story homes

<sup>1</sup> The parties differ regarding the square footage of the lot. The Board finds the best evidence of the lot size is found in the subject's property record card presented by the board of review, which includes 3,020 square feet of excess land.

of brick, stone, stucco, or wood siding exterior construction ranging in size from 3,856 to 4,572 square feet of living area. The dwellings are 15 to 18 years old. The comparables each have a basement with finished area where one comparable has a walkout-style basement. The homes feature central air conditioning, two fireplaces, and a garage ranging in size from 483 to 836 square feet of building area. The comparables are located from 0.10 to 1.31 miles from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$204,973 to \$315,858 or from \$48.09 to \$76.60 per square foot of living area. Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$260,927 or \$62.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$441,811. The subject property has an improvement assessment of \$335,989 or \$80.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with two-story homes of brick, stone, or stucco and stone exterior construction ranging in size from 3,792 to 4,160 square feet of living area. The dwellings were built from 2001 to 2008. The homes each have a basement with a recreation room, central air conditioning, two fireplaces, and a garage ranging in size from 528 to 736 square feet of building area. The comparables are located within 0.27 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$298,398 to \$335,411 or from \$78.37 to \$80.63 per square foot of living area. Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, which are located more than one mile from the subject. Furthermore, the appellant's comparable #3 has much larger dwelling than the subject and has a walkout basement which the subject does not have.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparables, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$295,356 to \$335,411 or from \$76.60 to \$80.63 per square foot of living area. The subject's improvement assessment of \$335,989 or \$80.55 per square foot of living area falls just above the

range established by the best comparables based on the total improvement assessment but within the range on a per square foot basis, which appears to be particularly well-supported by the board of review's comparable #1 that is most similar to the subject in most respects. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
