

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Shifman
DOCKET NO.: 20-02019.001-R-1
PARCEL NO.: 16-27-402-036

The parties of record before the Property Tax Appeal Board are Alex Shifman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,466
IMPR.: \$284,033
TOTAL: \$344,499

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,712 square feet of living area. The dwelling was constructed in 2001 and has a reported effective age of 2003.¹ Features of the home include a full basement with a 1,859 square foot recreation room, central air conditioning, a fireplace, and a 651 square foot garage. The property has a 14,601 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal; no dispute was raised concerning the land assessment. In support of this argument the appellant submitted information on four equity comparables improved with two-story homes

¹ Additional details of the subject property not provided by the appellant have been drawn from the board of review's evidence and the subject's property record card which the Board finds to be the best descriptive data of the subject.

of brick or wood siding exterior construction ranging in size from 4,486 to 5,458 square feet of living area. The dwellings range from 16 to 31 years old. The homes each have a full basement, two of which have finished area. Each home has central air conditioning, one or two fireplaces, and a garage ranging in size from 660 to 858 square feet of building area. The comparables are located from 0.23 to 0.55 of a mile from the subject property and are within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$223,132 to \$302,109 or from \$49.74 to \$57.26 per square foot of living area. Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$257,747 or \$54.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$344,499. The subject property has an improvement assessment of \$284,033 or \$60.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with 1.75-story or 2-story homes of brick, brick and vinyl siding, dryvit, or brick and stone exterior construction. The homes range in size from 3,919 to 4,675 square feet of living area. The dwellings were built from 1999 to 2005 and have effective ages ranging from 2001 to 2005. The homes each have a full basement, central air conditioning, a fireplace, and a garage ranging in size from 551 to 800 square feet of building area. Three of the homes each have a recreation room. The comparables are located within 0.76 of a mile from the subject property and are within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$250,816 to \$265,986 or from \$56.00 to \$64.34 per square foot of living area. Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and the board of review's comparable #3, which do not have finished basement area like the subject property has.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 and the board of review's comparables #1, #2, and #4, which are similar to the subject property in size, age, location, and most features. These comparables have improvement assessments that range from \$223,132 to \$302,109 or from \$49.74 to \$64.34 per square foot of living area. The subject's improvement assessment of \$284,033 or \$60.28 per square foot of living area falls within the range established by the best comparables in this record. Based on this

record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
