

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peggy Clancy
DOCKET NO.: 20-02021.001-R-1
PARCEL NO.: 16-34-101-031

The parties of record before the Property Tax Appeal Board are Peggy Clancy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$94,218
IMPR.: \$213,537
TOTAL: \$307,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 4,029 square feet of living area. The dwelling was constructed in 1968 with an effective age of 1978. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a garage containing 484 square feet of building area. The property has an approximately 32,000 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 3,646 to 4,107 square feet of living area. The homes are 52 to 55 years old. Each dwelling has central air

conditioning, one or two fireplaces, and a garage ranging in size from 462 to 934 square feet of building area. Each dwelling has a basement with three having finished area. The comparables have improvement assessments ranging from \$182,448 to \$208,380 or from \$50.04 to \$50.83 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$203,545 or \$50.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$307,755. The subject property has an improvement assessment of \$213,537 or \$53.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction that were built from 1965 to 2003. The homes have effective ages ranging from 1972 to 2003. The homes range in size from 3,584 to 4,048 square feet of living area. Each dwelling has central air conditioning, one or two fireplaces, and a garage ranging in size from 483 to 658 square feet of building area. Each comparable has a basement with three having finished area. The comparables have improvement assessments ranging from \$186,924 to \$226,931 or from \$52.16 to \$56.75 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #3 and board of review comparable #4 due to their unfinished basements and/or age when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables, which are most similar to the subject in dwelling size, location, age, and features. These comparables had improvement assessments that ranged from \$182,448 to \$224,965 or from \$50.04 to \$55.57 per square foot of living area. The subject's improvement assessment of \$213,537 or \$53.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
