

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luca Poeta
DOCKET NO.: 20-02094.001-R-1
PARCEL NO.: 16-15-209-035

The parties of record before the Property Tax Appeal Board are Luca Poeta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,082
IMPR.: \$33,405
TOTAL: \$73,487

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 768 square feet of living area. The dwelling was constructed in 1951 and is approximately 69 years old. Features of the home include a slab foundation and a garage containing 768 square feet of building area. The property has an approximately 10,310 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables consist of one-story dwellings of brick or wood siding exterior construction ranging in size from 700 to 1,386 square feet of living area. The homes are 67 to 90 years old. Each dwelling has a slab foundation and a garage ranging in size from 700 to 1,386 square feet of building area. One

comparable has central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$25,655 to \$54,998 or from \$36.65 to \$39.68 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$29,132 or \$37.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,487. The subject property has an improvement assessment of \$33,405 or \$43.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located in the same assessment neighborhood code as the subject property. Comparable #3 is the same as appellant's comparable #2. The comparables consist of one-story dwellings of brick exterior construction that were built from 1938 to 1969. The homes range in size from 768 to 918 square feet of living area. Each dwelling has a slab foundation and a garage ranging in size from 728 to 918 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments ranging from \$33,405 to \$39,702 or from \$37.51 to \$43.92 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to appellant's comparable #3 due to its significantly larger dwelling size compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables, which are more similar to the subject in dwelling size, location, and features. These comparables have improvement assessments that range from \$25,655 to \$39,702 or from \$36.65 to \$43.92 per square foot of living area. The subject's improvement assessment of \$33,405 or \$43.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
