

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Domenic Poeta
DOCKET NO.: 20-02096.001-R-1
PARCEL NO.: 16-15-209-039

The parties of record before the Property Tax Appeal Board are Domenic Poeta, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,335
IMPR.: \$59,042
TOTAL: \$82,377

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of concrete block exterior construction with 2,016 square feet of living area. The dwelling was constructed in 1913 and is approximately 107 years old. The home has a full, unfinished basement. The property has an approximately 5,220 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of 1.5 or 2-story dwellings of wood siding exterior construction ranging in size from 2,135 to 2,450 square feet of living area. The homes are 87 to 102 years old. Each dwelling has a basement with one having finished area. Two comparables have central air conditioning and one comparable has two fireplaces. Two comparables each have a garage with 400 or 528

square feet of building area. The comparables have improvement assessments ranging from \$57,116 to \$66,896 or from \$26.48 to \$27.30 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$54,331 or \$26.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,377. The subject property has an improvement assessment of \$59,042 or \$29.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of 1.5 or 2-story dwellings of brick, stucco, or wood siding exterior construction that were built from 1920 to 1943, with comparables #2, #3, and #5 having effective ages of 1969, 1963, and 1925, respectively. The homes range in size from 2,014 to 2,097 square feet of living area. Each dwelling has a garage ranging in size from 216 to 528 square feet of building area and a basement, two of which have finished area. Four of the comparables have central air conditioning and one has a fireplace. The comparables have improvement assessments ranging from \$60,473 to \$87,746 or from \$29.54 to \$42.53 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #3, and #4 due to their significantly larger dwelling sizes compared to the subject. The Board also gives reduced weight to board of review comparables #2 through #4 due to their newer effective ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables, which are most similar to the subject in dwelling size, location, and age. These comparables have improvement assessments that range from \$57,116 to \$64,148 or from \$26.75 to \$31.17 per square foot of living area. The subject's improvement assessment of \$59,042 or \$29.29 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
