

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Engelman
DOCKET NO.: 20-02119.001-R-1
PARCEL NO.: 16-36-210-021

The parties of record before the Property Tax Appeal Board are Chris Engelman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$103,941
IMPR.: \$146,615
TOTAL: \$250,556

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction containing 4,074 square feet of living area. The dwelling was built in 1963 and is approximately 57 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and an attached garage with 575 square feet of building area. The property has a site with approximately 13,260 square feet of land area located in Highland Park, Moriaine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 2-story or 2.5-story dwellings of brick, stucco, or wood siding exterior construction. The homes range in age from 72 to 109 years old. Each comparable has a full basement with two having finished area, central air conditioning, one or two fireplaces and

an attached or detached garage ranging in size from 462 to 672 square feet of building area. The comparables are located from approximately .27 to .50 of one mile from the subject property. These comparables have improvement assessments ranging from \$105,387 to \$125,537 or from \$26.42 to \$29.44 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$115,681.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$250,556. The subject property has an improvement assessment of \$146,615 or \$35.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, brick and wood siding or stone and wood siding exterior construction ranging in size from 3,934 to 4,482 square feet of living area. The dwellings were built from 1950 to 1968 and have effective construction dates from 1962 to 1983. Each comparable has a full basement with one having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 399 to 529 square feet of building area. The comparables are located from approximately .24 to .53 of one mile from the subject property. The comparables have improvement assessments ranging from \$137,157 to \$193,991 or from \$34.82 to \$43.28 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are improved with dwellings more similar to the subject dwelling in age than are the comparables provided by the appellant, which are from approximately 15 to 52 years older than the subject dwelling. The board of review comparables are relatively similar to the subject in features. These comparables have improvement assessments that range from \$137,157 to \$193,991 or from \$34.82 to \$43.28 per square foot of living area. The subject's improvement assessment of \$146,615 or \$35.99 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
