

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shana Finkelstein
DOCKET NO.: 20-02140.001-R-1
PARCEL NO.: 16-34-313-021

The parties of record before the Property Tax Appeal Board are Shana Finkelstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,071
IMPR.: \$167,132
TOTAL: \$237,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,556 square feet of living area. The dwelling was constructed in 1993 and is approximately 27 years old. Features of the home include a full basement with 1,389 square feet of finished area, central air conditioning, a fireplace, and a 528 square foot garage. The property has an approximately 16,308 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 3,220 to 3,599 square feet of living area. The dwellings range in age from 49 to 57 years old.

Each home has a full basement, three of which have 580 to 1,283 square feet of finished area, central air conditioning, and a 483 or 484 square foot garage. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$128,373 to \$156,487 or from \$39.87 to \$43.83 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,203. The subject property has an improvement assessment of \$167,132 or \$47.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick and wood siding exterior construction ranging in size from 3,011 to 3,993 square feet of living area. The dwellings were built in 1991 or 1992. Each home has a full basement, three of which have 1,190 to 1,887 square feet of finished area, central air conditioning, a fireplace, and a garage ranging in size from 682 to 987 square feet of building area. The comparables have improvement assessments ranging from \$159,530 to \$200,344 or from \$47.51 to \$52.98 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4, which are much older homes than the subject dwelling. The Board gives less weight to the appellant's comparable #2 and the board of review's comparables #4 and #5, which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #3, which are relatively similar to the subject in dwelling size, age, location, and most features, although these comparables have larger garages than the subject and two of these comparables are larger homes with more finished basement area than the subject, suggesting the downward adjustments to these comparables would be needed to make them more similar to the subject.

These most similar comparables have improvement assessments ranging from \$159,530 to \$200,344 or from \$48.27 to \$52.98 per square foot of living area, respectively. The subject's improvement assessment of \$167,132 or \$47.00 per square foot of living area within the range established by the best comparables in terms of total improvement assessment and below the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, such as dwelling size, basement finished area, and garage size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
