

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joni Rosenfeld
DOCKET NO.: 20-02146.001-R-1
PARCEL NO.: 16-36-307-019

The parties of record before the Property Tax Appeal Board are Joni Rosenfeld, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$83,662
IMPR.: \$148,041
TOTAL: \$231,703

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,050 square feet of living area. The dwelling was constructed in 1965 and is approximately 55 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 484 square foot garage. The property has an approximately 18,277 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 3,419 to 3,546 square feet of living area. The dwellings range in age from 52 to 57 years old.

Each home has a full basement, central air conditioning, a fireplace, and a garage ranging in size from 441 to 640 square feet of building area. The comparables have improvement assessments ranging from \$116,501 to \$138,783 or from \$34.07 to \$39.14 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,703. The subject property has an improvement assessment of \$148,041 or \$48.54 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick and wood siding exterior construction ranging in size from 2,936 to 3,144 square feet of living area. The dwellings were built from 1963 to 1976 with comparables #2, #4, and #5 having reported effective ages of 1966, 1980, and 1977, respectively. Each home has a full or partial basement,¹ three of which have finished area, central air conditioning, and a garage ranging in size from 455 to 600 square feet of building area. Four homes each have a fireplace. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$147,948 to \$170,049 or from \$49.18 to \$57.92 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #4, which has an inground swimming pool that is not a feature of the subject. The Board gives less weight to the appellant's comparables, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, #3, and #5, which are similar to the subject in dwelling size, year built, location, and some features, although two of these properties have finished basement area that is not a feature of the subject, suggesting that downward adjustments to these comparables would be needed to make them more similar to the subject. These most similar comparables have improvement

¹ Although the board of review reported that comparables #4 and #5 have crawl space foundation, the board of review also reported that these properties have finished basement area, indicating that these properties have partial basements.

assessments that range from \$147,948 to \$166,569 or from \$49.18 to \$53.78 per square foot of living area. The subject's improvement assessment of \$148,041 or \$48.54 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment and below the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
