

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gloria and Daniel Reisner
DOCKET NO.: 20-02162.001-R-1
PARCEL NO.: 16-26-414-002

The parties of record before the Property Tax Appeal Board are Gloria and Daniel Reisner, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,932
IMPR.: \$137,390
TOTAL: \$219,322

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,516 square feet of living area. The dwelling was constructed in 1970 and is 50 years old. Features of the home include a full basement that is finished with a recreation room, central air conditioning, a fireplace, and an attached 489 square foot garage. The property has a 11,920 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,360 to 3,908 square feet of living area and range in age from 53 to 65 years old. Each comparable has a full basement with three having finished area, central air conditioning, one or

two fireplaces and an attached garage that ranges in size from 462 to 651 square feet of building area. The comparables have improvement assessments that range from \$125,695 to \$136,748 or from \$35.00 to \$37.41 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$128,228.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$219,322. The subject property has an improvement assessment of \$137,390 or \$39.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,412 to 3,588 square feet of living area. The homes were built from 1977 to 1980 with comparable #3 having an effective year built of 1991. The comparables have basements, four of which are finished with a recreation room. Each comparable has central air conditioning, one fireplace and an attached garage that ranges in size from 484 to 624 square feet of building area. The comparables have improvement assessments that range from \$134,473 to \$152,718 or from \$39.41 to \$44.02 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #1 and board of review comparables #3 and #5 due to difference in effective age or lack of finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are more similar to the subject in location, age/effective age, dwelling size, and features. These comparables have improvement assessments that range from \$125,695 to \$152,020 or from \$36.26 to \$43.35 per square foot of living area. The subject's improvement assessment of \$137,390 or \$39.08 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
