

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catheriya Curran
DOCKET NO.: 20-02167.001-R-1
PARCEL NO.: 16-34-210-032

The parties of record before the Property Tax Appeal Board are Catheriya Curran, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,842
IMPR.: \$161,245
TOTAL: \$222,087

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,294 square feet of living area. The dwelling was built in 1987 and is 33 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace and a 792 square foot garage. The property has an 18,934 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as 1.8-story or 2-story dwellings of brick exterior construction that range in size from 3,511 to 4,908 square feet of living area. The dwellings are 49 to 169 years old. One comparable is reported to have a crawl space foundation and three comparables have

basements with two having finished area. Each comparable has central air conditioning and a garage ranging in size from 378 to 529 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$125,634 to \$138,628 or from \$27.77 to \$35.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,087. The subject property has an improvement assessment of \$161,245 or \$37.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, wood siding, Dryvit, or brick and wood siding exterior construction that range in size from 4,044 to 4,640 square feet of living area. The dwellings were constructed from 1978 to 1998. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 616 to 962 square feet of building area. Comparables #1 and #5 each have an inground swimming pool. The comparables have improvement assessments that range from \$162,138 to \$202,641 or from \$38.50 to \$45.64 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their significant differences in age and/or dwelling size when compared to the subject. The Board gives less weight to board of review comparables #1 and #5 as both have an inground swimming pool, which is not a feature of the subject.

The Board finds the best evidence assessment equity to be board of review comparables #2, #3 and #4 which are more similar to the subject in age and dwelling size. However, each comparable has a basement which is not a feature of the subject. These comparables have improvement assessments ranging from \$162,138 to \$202,641 or from \$38.50 to \$45.64 per square foot of living area. The subject's improvement assessment of \$161,245 or \$37.55 per square foot of living area falls below the range established by the best comparables in this record which is justified due to subject's lack of a basement. After considering adjustments to the comparables for any differences such as basements when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
