

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Winnie Levin
DOCKET NO.: 20-02168.001-R-1
PARCEL NO.: 16-15-309-055

The parties of record before the Property Tax Appeal Board are Winnie Levin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,045
IMPR.: \$139,820
TOTAL: \$218,865

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of Dryvit exterior construction with 2,444 square feet of living area. The dwelling was built in 2001 and is 19 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 483 square foot garage. The property has a 4,611 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as one-story dwellings of Dryvit exterior construction that range in size from 2,412 to 3,180 square feet of living area. The dwellings are 19 or 20 years old. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size

from 441 to 693 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$113,504 to \$172,655 or from \$47.06 to \$54.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$218,865. The subject property has an improvement assessment of \$139,820 or \$57.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of Dryvit, brick, or brick and Dryvit exterior construction that range in size from 2,481 to 2,952 square feet of living area. The dwellings were constructed in 2000 or 2001. The comparables have basements with three having recreation rooms. Each comparable has central air conditioning and a garage ranging in size from 441 to 504 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$151,770 to \$172,040 or from \$57.33 to \$61.17 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #4 along with board of review comparable #4 due to their larger dwelling sizes when compared to the subject. The Board also gives less weight to board of review comparables #1, #3 and #4 which have basement recreation rooms unlike the subject.

The Board finds the best evidence assessment equity to be appellant's comparable #1 and board of review comparable #2 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments of \$113,504 and \$151,770 or \$47.06 and \$61.17 per square foot of living area. The subject's improvement assessment of \$139,820 or \$57.21 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
