

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Silver
DOCKET NO.: 20-02169.001-R-1
PARCEL NO.: 16-26-414-005

The parties of record before the Property Tax Appeal Board are Brian Silver, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,942
IMPR.: \$134,504
TOTAL: \$216,446

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,398 square feet of living area. The dwelling was built in 1967 and is 53 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 484 square foot garage. The property has a 12,042 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of brick exterior construction that range in size from 3,231 to 3,704 square feet of living area. The dwellings are 53 to 83 years old and have basements with two having finished area. Each comparable has central air conditioning, one or

two fireplaces, and a garage ranging in size from 456 to 651 square feet of building area. The comparables have improvement assessments that range from \$103,002 to \$134,309 or from \$31.82 to \$37.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$216,446. The subject property has an improvement assessment of \$134,504 or \$39.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick or brick and wood siding exterior construction that range in size from 2,914 to 3,317 square feet of living area. The dwellings were constructed from 1974 to 1980 and have basements, two of which are finished with a recreation room. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 494 to 528 square feet of building area. The comparables have improvement assessments that range from \$125,553 to \$140,037 or from \$41.85 to \$45.38 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 along with board of review comparable #3 which have unfinished basements unlike the subject. Furthermore, appellant's comparable #1 is significantly older in age when compared to the subject.

The Board finds the best evidence assessment equity to be the appellant's comparables #3 and #4 along with board of review comparables #1 and #2 which overall are more similar to the subject location, age, dwelling size and features. These comparables have improvement assessments ranging from \$125,553 to \$134,309 or from \$36.26 to \$45.38 per square foot of living area. The subject's improvement assessment of \$134,504 or \$39.58 per square foot of living area falls below the range established by the best comparables in this record on a square foot basis but just slightly above on an overall basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
