

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Sklare
DOCKET NO.: 20-02174.001-R-1
PARCEL NO.: 16-34-302-015

The parties of record before the Property Tax Appeal Board are Judith Sklare, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,555
IMPR.: \$141,800
TOTAL: \$215,355

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,736 square feet of living area. The dwelling was constructed in 1978 and is approximately 42 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, an attached garage with 506 square feet of building area, and an inground swimming pool. The property has a site with approximately 19,460 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 1.8-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,309 to 4,024 square feet of living area. The homes range in age from 55 to 169 years old and have full basements, two of which have finished area. Each

property has central air conditioning and an attached or detached garage ranging in size from 484 to 704 square feet of building area. Three comparables have a fireplace. The comparables have the same assessment neighborhood code as the subject property and are located from 1,723 to 3,010 feet from the subject property. The comparables have improvement assessments ranging from \$119,997 to \$138,628 or from \$34.45 to \$36.26 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$133,319.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,355. The subject property has an improvement assessment of \$141,800 or \$37.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,192 to 3,882 square feet of living area. The homes were built from 1977 to 1979 and have full basements, four of which have a recreation room. Each property has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 480 to 529 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have the same assessment neighborhood code as the subject property and are located from 753 to 1,062 feet from the subject property. The comparables have improvement assessments ranging from \$135,826 to \$163,523 or from \$39.89 to \$48.70 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to appellant's comparables due to differences from the subject dwelling in age. The Board gives most weight to the board of review comparables as these properties are more similar to the subject dwelling in location and age. However, the Board finds four of the board of review comparables have finished basement area whereas the subject has an unfinished basement, suggesting a downward adjustment to the comparables would be appropriate to make them more equivalent to the subject property. Additionally, four of the board of review comparables have no swimming pool, unlike the subject property, suggesting an upward adjustment to the comparables would be appropriate to make them more equivalent to the subject property. Nevertheless, these best comparables have improvement assessments that range from \$135,826 to \$163,523 or from \$39.89 to \$48.70 per square foot of living area. The subject's improvement assessment of \$141,800 or \$37.96 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but below on a per square foot basis. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
