

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barry Levin
DOCKET NO.: 20-02179.001-R-1
PARCEL NO.: 16-34-304-041

The parties of record before the Property Tax Appeal Board are Barry Levin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,185
IMPR.: \$144,680
TOTAL: \$212,865

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,996 square feet of living area. The dwelling was constructed in 1987 and is approximately 33 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 420 square foot attached garage. The property has an approximately 20,950 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with a two-story dwelling of brick exterior construction ranging in size from 3,274 to 3,369 square feet of living area. The dwellings are 35 or 36 years old. The

appellant reported that each comparable has a full basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and an attached garage that ranges in size from 441 to 682 square feet of building area. The comparables have improvement assessments that range from \$145,553 to \$157,485 or from \$43.20 to \$45.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$134,595.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$212,865. The subject property has an improvement assessment of \$144,680 or \$48.29 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. Board of review comparable #3 is the same property as the appellant's comparable #3. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction with 3,262 or 3,369 square feet of living area. The dwellings were built in 1984 or 1985 with comparable #2 having an effective year built of 1997. The board of review reported that each comparable has a full basement, one of which has a recreation room. Each comparable has central air conditioning, a fireplace, and an attached garage with 441 or 484 square feet of building area. The comparables have improvement assessments that range from \$157,485 to \$172,110 or from \$46.75 to \$51.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration, as one comparable was common to both parties. These comparables are similar to the subject in location, design, age and some features. However, the Board finds all the comparables have larger dwelling sizes, two have finished basement area and three have larger garages when compared to the subject. Nevertheless, these comparables have improvement assessments that range from \$145,553 to \$172,110 or from \$43.20 to \$51.09 per square foot of living area. The subject's improvement assessment of \$144,680 or \$48.29 per square foot of living area falls below the overall improvement assessment range established by the best comparables in the record but within the range on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
