

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dave Mayber
DOCKET NO.: 20-02180.001-R-1
PARCEL NO.: 16-34-302-007

The parties of record before the Property Tax Appeal Board are Dave Mayber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,841
IMPR.: \$147,691
TOTAL: \$214,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,940 square feet of living area. The dwelling was built in 1967 and is 53 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, one fireplace and a 462 square foot garage. The property has an approximately 15,540 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in same assessment neighborhood code as the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 2,518 to 3,116 square feet of living area. The dwellings are 54 to 56 years old and have basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a garage

with 462 or 484 square feet of building area. The comparables have improvement assessments ranging from \$105,367 to \$141,732 or from \$41.85 to \$45.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,532. The subject property has an improvement assessment of \$147,691 or \$50.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in same assessment neighborhood code and same street as the subject. The comparables consist of two-story dwellings of wood siding, brick, or brick and wood siding exterior construction ranging in size from 2,855 to 3,204 square feet of living area. The dwellings were constructed from 1965 to 1970. Comparables #2 and #5 have effective ages of 1981 and 1968. The comparables have basements with four having recreation rooms. Other features include central air conditioning, one fireplace and a garage with 462 or 484 square feet of building area. The comparables have improvement assessments ranging from \$143,387 to \$160,815 or from \$50.22 to \$50.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which is less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, dwelling size, design, age and most features. These properties have improvement assessments ranging from \$122,322 to \$161,829 or from \$43.32 to \$50.91 per square foot of living area. The subject has an improvement assessment of \$147,691 or \$50.24 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
