

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Muslin  
DOCKET NO.: 20-02183.001-R-1  
PARCEL NO.: 16-34-305-017

The parties of record before the Property Tax Appeal Board are Jason Muslin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,679  
**IMPR.:** \$133,864  
**TOTAL:** \$209,543

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,392 square feet of living area. The dwelling was constructed in 1965 and is approximately 55 years old. The dwelling has a reported effective age of 1971.<sup>1</sup> Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 504 square foot garage. The property has a 20,220 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The

<sup>1</sup> The subject's property record card provided by the board of review disclosed the subject dwelling was remodeled in 1989 and has an effective age of 1971.

comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,220 to 3,732 square feet of living area. The dwellings range in age from 43 to 57 years old. The comparables each have a basement, one of which has finished area. Each comparable has central conditioning, a fireplace and a garage ranging in size from 483 to 704 square feet of building area. The comparables have improvement assessments that range from \$112,852 to \$135,731 or from \$35.05 to \$37.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$122,536 or \$36.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,543. The subject property has an improvement assessment of \$133,864 or \$39.46 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,192 to 3,580 square feet of living area. The dwellings were built from 1970 to 1979 with comparables #3 and #5 having reported effective ages of 1988 and 1991, respectively. Each comparable has a basement finished with a recreation room, central air conditioning, a fireplace and a garage ranging in size from 483 to 600 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$128,813 to \$155,441 or from \$40.34 to \$48.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #4 as each has an unfinished basement in contrast to the subject's basement finished with a recreation room. The Board has given reduced weight to board of review comparable #1 as it has an inground swimming pool, not a feature of the subject. The Board has also given reduced weight to board of review comparables #3 and #5 due their newer effective ages when compared to the subject dwelling.

The Board finds best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables #2 and #4, which are overall more similar to the subject in dwelling size, design, age and most features. The comparables have improvement assessments that range from \$128,813 to \$153,522 or from \$36.25 to \$42.88 per square foot of living area. The subject's improvement assessment of \$133,864 or \$39.46 per square foot of living area falls

within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
