

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Gross  
DOCKET NO.: 20-02184.001-R-1  
PARCEL NO.: 16-34-304-040

The parties of record before the Property Tax Appeal Board are Julie Gross, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$62,426  
**IMPR.:** \$147,330  
**TOTAL:** \$209,756

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,274 square feet of living area. The dwelling was constructed in 1985 and is approximately 35 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 672 square feet of building area. The property has a site with 17,306 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,369 to 4,056 square feet of living area. The dwellings are 33 or 35 years old and have basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 529 to 704 square feet of building area. The comparables

have improvement assessments that range from \$145,553 to \$170,153 or from \$41.46 to \$43.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$138,271.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,756. The subject property has an improvement assessment of \$147,330 or \$45.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,996 to 3,382 square feet of living area. The dwellings were built from 1984 to 1987 with comparable #4 having an effective year built of 1997. Each comparable has a basement, one of which has finished area, central air conditioning, one fireplace, and a garage ranging in size from 420 to 528 square feet of building area. The comparables have improvement assessments ranging from \$144,680 to \$172,110 or \$46.75 to \$51.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 along with board of review comparables #4 and #5 due to differences in dwelling size, effective age, and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are more similar to the subject in location, dwelling size, age and features. These comparables have improvement assessments ranging from \$144,680 to \$160,183 or \$43.20 to \$48.29 per square foot of living area. The subject's improvement assessment of \$147,330 or \$45.00 per square foot of living area is within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
