

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Darmawi Juminaga  
DOCKET NO.: 20-02185.001-R-1  
PARCEL NO.: 16-34-305-016

The parties of record before the Property Tax Appeal Board are Darmawi Juminaga, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,579  
**IMPR.:** \$136,328  
**TOTAL:** \$211,907

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of brick exterior construction with 2,685 square feet of above ground living area. The dwelling was constructed in 1965 and is approximately 55 years old. Features of the home include a partial basement/lower level that is finished with a recreation room, central air conditioning, a fireplace and a 598 square foot garage. The property has an approximately 19,990 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level dwellings of brick or wood siding exterior construction ranging in size from 2,479 to 2,707 square feet of above ground living area. The

dwelling range in age from 55 to 64 years old. The appellant reported that each comparable has a basement or a lower level, three of which have finished area. Three comparables each have central air conditioning and a garage ranging in size from 441 to 600 square feet of building area. Each comparable has one fireplace. The comparables have improvement assessments that range from \$96,562 to \$117,083 or from \$37.85 to \$43.25 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$109,413 or \$40.75 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,907. The subject property has an improvement assessment of \$136,328 or \$50.77 per square foot of above ground living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level dwellings of brick or brick and wood siding exterior construction ranging in size from 2,848 to 3,030 square feet of above ground living area. The dwellings were built in 1965 or 1968 with comparable #3 having a reported effective age of 1981. The board of review reported that each dwelling has a recreation room in the basement/lower level. Each comparable has central air conditioning, a fireplace and a garage with either 437 or 480 square feet of building area. The comparables have improvement assessments that range from \$148,470 to \$164,352 or from \$49.00 to \$57.71 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 which differ from the subject in that comparable #3 has no central air conditioning and no garage, as does the subject and comparable #4 has an unfinished basement/lower level in contrast to the subject's basement/lower level that is finished with a recreation room. The Board has given reduced weight to board of review comparable #3 due to its newer effective age when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, along with board of review comparables #1 and #2, which are overall more similar to the subject in dwelling size, design, age and features. These four comparables have improvement assessments that range from \$96,562 to \$164,352 or from \$37.85 to \$57.71 per square foot of

above ground living area. The subject's improvement assessment of \$136,328 or \$50.77 per square foot of above ground living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
