

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Rosenblum
DOCKET NO.: 20-02186.001-R-1
PARCEL NO.: 16-34-401-001

The parties of record before the Property Tax Appeal Board are Ann Rosenblum, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$88,010
IMPR.: \$115,547
TOTAL: \$203,557

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,798 square feet of living area. The dwelling was constructed in 1977 and is 43 years old. Features of the home include a basement partially finished with a recreation room, central air conditioning, a fireplace and a 552 square foot attached garage. The property has a site with approximately 26,450 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick, stone, or wood siding exterior construction ranging in size from 2,687 to 2,987 square feet of living area. The dwellings range

in age from 43 to 55 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and an attached garage ranging in size from 460 to 564 square feet of building area. The comparables have improvement assessments that range from \$77,163 to \$119,037 or from \$26.28 to \$40.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$102,616.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,557. The subject property has an improvement assessment of \$115,547 or \$41.30 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 2,903 to 3,170 square feet of living area. The dwellings were built in 1977 or 1979 and have basements, four of which are partially finished with a recreation room. Each comparable has central air conditioning, one fireplace, and an attached garage that ranges in size from 506 to 567 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$127,162 to \$141,835 or from \$42.43 to \$46.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 and board of review comparable #5 due to a difference in age or a lack of finished basement area when compared to the subject. The Board also gives less weight to board of review comparable #3 which has an inground swimming pool, not a feature of the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are more similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments that range from \$119,037 to \$141,835 or from \$39.85 to \$46.68 per square foot of living area. The subject's improvement assessment of \$115,547 or \$41.30 per square foot of living area falls below the range established by the best comparables in the record on an overall improvement basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Therefore, based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
