

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Haskel Weiss
DOCKET NO.: 20-02188.001-R-1
PARCEL NO.: 16-27-107-014

The parties of record before the Property Tax Appeal Board are Haskel Weiss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,854
IMPR.: \$159,448
TOTAL: \$204,302

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,553 square feet of living area. The dwelling was constructed in 1994 and is 26 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 496 square foot garage. The property has a 7,322 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story dwellings of brick or wood siding exterior construction that range in size from 2,428 to 3,889 square feet of living area. The homes range in age from 22 to 71 years old. Each comparable has a basement, three with finished area,

central air conditioning and a garage ranging in size from 440 to 635 square feet of building area. Three of the comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$147,141 to \$189,828 or from \$48.81 to \$60.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$142,968 or \$56.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$204,302. The subject has an improvement assessment of \$159,448 or \$62.46 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables are improved with 2-story dwellings of Dryvit, wood siding or brick and vinyl siding exterior construction that range in size from 2,520 to 2,830 square feet of living area. The homes were built from 1993 to 2004. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 361 to 728 square feet of building area. The comparables have improvement assessments that range from \$165,410 to \$181,937 or from \$60.63 to \$68.86 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 along with board or review comparables #3 and #4 which differ from the subject in age, dwelling size and/or finished basement feature.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and unfinished basement feature. These comparables had improvement assessments of \$169,459 and \$181,825 or for \$60.63 and \$64.25 per square foot of living area. The subject's improvement assessment of \$159,448 or \$62.46 per square foot of living area falls below the two best comparables in this record on an overall basis and is bracketed by the two best comparables on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
