

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrienne Lasin
DOCKET NO.: 20-02195.001-R-1
PARCEL NO.: 16-34-104-011

The parties of record before the Property Tax Appeal Board are Adrienne Lasin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,162
IMPR.: \$138,907
TOTAL: \$203,069

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,104 square feet of living area. The dwelling was constructed in 1964 and is approximately 56 years old. The dwelling has a reported effective age of 1967.¹ Features of the home include an unfinished basement, central air conditioning, a fireplace and a 528 square foot garage. The property has an approximately 10,980 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The

¹ The subject's property record card provided by the board of review disclosed the subject dwelling was remodeled in 2005 and has an effective year built of 1967.

comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,566 to 3,724 square feet of living area. The dwellings range in age from 53 to 56 years old. The comparables each have a basement, one of which has finished area. Each comparable has central conditioning, a fireplace and a garage ranging in size from 484 to 586 square feet of building area. The comparables have improvement assessments that range from \$97,377 to \$132,834 or from \$34.85 to \$40.79 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,641 or \$37.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,069. The subject property has an improvement assessment of \$138,907 or \$44.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,862 to 3,576 square feet of living area. The dwellings were built from 1963 to 1965 with comparables #1, #4 and #5 having reported effective ages of 1965, 1969 and 1972, respectively. Each comparable has an unfinished basement and a garage ranging in size from 484 to 576 square feet of building area. Four comparables have central air conditioning and four comparables each have one fireplace. The comparables have improvement assessments that range from \$135,579 to \$161,897 or from \$45.27 to \$47.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #1 which appears to be an outlier due to its considerably lower improvement assessment when compared to the improvement assessments of the other comparables in the record. The Board has also given less weight to the appellant's comparables #2 and #4, as well as board of review comparable #5 due to differences from the subject in dwelling size.

The Board finds best evidence of assessment equity to be the appellant's comparable #3, along with board of review comparables #1 through #4, which are overall more similar to the subject in dwelling size, design, age and features, except one comparable has no central air conditioning, as does the subject, suggesting an upward adjustment would be required to make this comparable more equivalent to the subject. The comparables have improvement assessments that range from \$114,390 to \$147,583 or from \$40.22 to \$47.75 per square foot of living area. The subject's

improvement assessment of \$138,907 or \$44.75 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
