

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Arona Landsman
DOCKET NO.: 20-02198.001-R-1
PARCEL NO.: 16-26-415-010

The parties of record before the Property Tax Appeal Board are Robert & Arona Landsman, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,732
IMPR.: \$113,485
TOTAL: \$195,217

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,940 square feet of living area. The dwelling was constructed in 1970 and is 50 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 466 square foot garage. The property has a site with approximately 11,890 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,649 to 3,259 square feet of living area. The dwellings are 47 to 80 years old. The comparables have basements, one of which has finished area. Each comparable has central air

conditioning, one fireplace and a garage ranging in size from 440 to 640 square feet of building area. The comparables have improvement assessments that range from \$90,857 to \$113,979 or from \$34.29 to \$35.25 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$102,753.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,217. The subject property has an improvement assessment of \$113,485 or \$38.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding and brick exterior construction ranging in size from 2,856 to 3,189 square feet of living area. The dwellings were built from 1967 to 1979. The comparables have basements with three having a recreation room. Each comparable has central air conditioning and one fireplace. Four comparables each have a garage ranging in size from 484 to 825 square feet of building area. The comparables have improvement assessments that range from \$115,670 to \$132,239 or from \$39.01 to \$45.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellants' comparables #1, #2 and #3 due to difference in age when compared to the subject. The Board gives reduced weight to appellants' comparable #1 along with board of review comparables #2, #3 and #4 as each has a recreation room in the basement unlike the subject.

The Board finds the best evidence of assessment equity to be appellants' comparable #4 and board of review comparable #1 which have unfinished basements and are similar to the subject in location, age, dwelling size and other features. The comparables have improvement assessments of \$111,463 and \$119,932 or \$35.25 and \$39.01 per square foot of living area. The subject's improvement assessment of \$113,485 or \$38.60 per square foot of living area is bracketed by the two best comparables both on overall and price per square foot bases. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
