

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zachary M. Stern
DOCKET NO.: 20-02215.001-R-1
PARCEL NO.: 15-28-316-004

The parties of record before the Property Tax Appeal Board are Zachary M. Stern, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,658
IMPR.: \$129,392
TOTAL: \$170,050

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding and brick exterior construction with 2,654 square feet of living area. The dwelling was built in 1989 and is approximately 31 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 441 square feet of building area. The property has a site with approximately 11,626 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.18 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,556 to 2,758 square feet of living area.

The dwellings are 31 or 32 years old. Each comparable has a basement with one having finished area, central air conditioning, one fireplace, and a garage with either 420 or 441 square feet of building area. The comparables have improvement assessments ranging from \$115,102 to \$123,159 or from \$44.58 to \$45.03 per square foot of living area, including land. The appellant requested the subject's improvement assessment be reduced to \$118,766 or \$44.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,050. The subject property has an improvement assessment of \$129,392 or \$48.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.06 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 2,406 to 2,758 square feet of living area. The dwellings were built in 1989 or 1990 and thus are 30 or 31 years old. Each comparable has a basement with three having finished area, central air conditioning, one fireplace, and a garage that ranges in size from 420 to 525 square feet of building area. The comparables have improvement assessments ranging from \$113,191 to \$133,438 or from \$47.05 to \$49.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables #1, #2, and #3 as well as board of review comparable #2 which lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, basement finish, and other features. These comparables have improvement assessments that range from \$115,102 to \$133,438 or from \$45.03 to \$49.39 per square foot of living area. The subject's improvement assessment of \$129,392 or \$48.75 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
