

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Tray
DOCKET NO.: 20-02224.001-R-1
PARCEL NO.: 15-01-302-079

The parties of record before the Property Tax Appeal Board are Barbara Tray, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,882
IMPR.: \$138,524
TOTAL: \$181,406

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,367 square feet of living area. The dwelling was built in 2000 and is 20 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 483 square foot attached garage. The property has an approximately 3,484 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.25 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,321 to 2,534 square feet of living area. The dwellings are 22 or 23 years old. Each comparable has a basement with three having finished area, central air conditioning, and one fireplace, and an attached garage with 483 square feet of

building area. The comparables have improvement assessments ranging from \$123,471 to \$136,444 or from \$53.20 to \$54.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$127,285 or \$53.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,406. The subject has an improvement assessment of \$138,524 or \$58.52 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.40 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,315 to 2,367 square feet of living area. The dwellings were built in 1998 or 1999. Each comparable has a basement with three having finished area, central air conditioning, one fireplace, and an attached garage with 483 square feet of building area. The comparables have improvement assessments ranging from \$130,088 to \$139,198 or from \$54.96 to \$60.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 as well as board of review comparables #1 through #4 which differ from the subject in dwelling size and/or lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #5 which are more similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments of \$129,591 and \$135,860 or \$54.75 and \$57.40 per square foot of living area, respectively. The subject's improvement assessment of \$138,524 or \$58.52 per square foot of living area falls above the improvement assessments of the two best comparables in the record. However, the subject's improvement assessment appears justified considering its newer age and larger finished basement area when compared to the two best comparables in the record. Based on this evidence and after considering adjustments to the two best comparables for differences when compared to the subject, including age and basement finish, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
