

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent Vasquez  
DOCKET NO.: 20-02225.001-R-1  
PARCEL NO.: 15-06-305-002

The parties of record before the Property Tax Appeal Board are Vincent Vasquez, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,176  
**IMPR.:** \$173,462  
**TOTAL:** \$212,638

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,034 square feet of living area. The dwelling was constructed in 2013 and is approximately 7 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and an 800 square foot garage. The property has an approximately 15,568 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.23 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,940 to 4,283 square feet of living area. The dwellings are 13 or 14 years old. Each comparable has an unfinished full basement, central air

conditioning, one or two fireplaces, and an attached garage ranging in size from 732 to 862 square feet of building area. The comparables have improvement assessments that range from \$161,736 to \$182,401 or from \$39.10 to \$43.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$167,007 or \$41.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,791. The subject property has an improvement assessment of \$200,615 or \$49.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.23 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,825 to 4,147 square feet of living area. The dwellings were built from 2006 to 2014. Each comparable has a basement with finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 651 to 1,009 square feet of building area. The comparables have improvement assessments that range from \$208,428 to \$248,054 or from \$52.45 to \$62.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which differ from the subject in basement finish and/or have a dissimilar one-story design when compared to the subject's two-story design.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall more similar to the subject in location, design, age, dwelling size, and features. The comparables have improvement assessments that range from \$161,736 to \$182,401 or from \$39.10 to \$43.04 per square foot of living area. The subject's improvement assessment of \$200,615 or \$49.73 per square foot of living area falls above the range established by the best comparables in the record and is excessive. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
