

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zhiyong Wang
DOCKET NO.: 20-02233.001-R-1
PARCEL NO.: 15-09-107-007

The parties of record before the Property Tax Appeal Board are Zhiyong Wang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,843
IMPR.: \$133,100
TOTAL: \$170,943

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,662 square feet of living area. The dwelling was constructed in 1989 and is approximately 31 years old. Features of the home include a finished basement, central air conditioning, one fireplace, and a 441 square foot attached garage. The property has an approximately 14,535 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.19 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,693 to 2,884 square feet of living area. The dwellings are 29 or 30 years old. Each comparable has a basement with two having

finished area, central air conditioning, one fireplace, and a 441 to 690 square foot garage. The comparables have improvement assessments that range from \$125,977 to \$135,277 or from \$46.12 to \$50.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$126,711 or \$47.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,281. The subject property has an improvement assessment of \$148,438 or \$55.76 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables for tax year 2021 which are not responsive to the appellant's 2020 tax year appeal for assessment inequity.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of four suggested equity comparables for the Board's consideration which are similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$125,977 to \$135,277 or from \$46.12 to \$50.23 per square foot of living area. The subject's improvement assessment of \$148,438 or \$55.76 per square foot of living area falls above the range of the appellant's comparables in the record and is excessive. Based on the evidence in this record, and after considering necessary adjustments to the appellant's comparables for differences from the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
