

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gretchen Xuan
DOCKET NO.: 20-02246.001-R-1
PARCEL NO.: 15-33-401-105

The parties of record before the Property Tax Appeal Board are Gretchen Xuan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,358
IMPR.: \$170,060
TOTAL: \$206,418

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding and brick exterior construction with 3,081 square feet of living area. The dwelling was built in 2011. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 440 square foot attached garage. The property has an approximately 5,662 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.08 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,824 to 3,180 square feet of living area. The dwellings range in age from 9 to 13 years old. Each comparable has an

unfinished basement, central air conditioning, and an attached garage with 400 square feet of building area. One comparable has one fireplace. The improvement assessments on these properties range from \$141,506 to \$167,722 or from \$47.90 to \$53.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$156,822 or \$50.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,418. The subject property has an improvement assessment of \$170,060 or \$55.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.07 miles from the subject. The comparables are improved with 2-story dwellings of wood siding and brick exterior construction ranging in size from 2,753 to 2,900 square feet of living area. The homes were built from 2006 to 2010. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage with 400 square feet of building area. The improvement assessments on these properties range from \$152,533 to \$159,782 or from \$55.10 to \$55.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board finds the parties' comparables are each similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$141,506 to \$167,722 or from \$47.90 to \$55.95 per square foot of living area. The subject's improvement assessment of \$170,060 or \$55.20 per square foot of living area falls within the range established by the comparables in this record on a per square foot basis. Based on this record and after considering various adjustments to the comparables for differences from the subject such as but not limited to dwelling, garage, and basement sizes, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
