

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Huaying Yang
DOCKET NO.: 20-02249.001-R-1
PARCEL NO.: 15-16-208-049

The parties of record before the Property Tax Appeal Board are Huaying Yang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,014
IMPR.: \$232,315
TOTAL: \$267,329

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick and Dryvit exterior construction with 3,699 square feet of living area. The dwelling was built in 2007 and is approximately 13 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, and a 681 square foot attached garage. The property has an approximately 8,890 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood code as the subject property and located within 0.07 of a mile from the subject. The appellant reported that the comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,710 to 4,022

square feet of living area. The dwellings are either 11 or 15 years old. Each comparable was reported to have a full basement with finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 669 to 724 square feet of building area. The comparables have improvement assessments that range from \$193,311 to \$234,468 or from \$52.11 to \$59.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$205,202 or \$55.47 per square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$267,329. The subject property has an improvement assessment of \$232,315 or \$62.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 308 feet from the subject. The comparables are improved with 2-story dwellings of brick, brick and stone, brick and Dryvit, or wood siding and brick exterior construction ranging in size from 3,119 to 4,264 square feet of living area. The homes were built in either 2006 or 2007. Each comparable has a full basement with finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 660 to 702 square feet of building area. The comparables have improvement assessments that range from \$199,793 to \$261,219 or from \$59.98 to \$64.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to board of review comparables #1 and #5 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$193,311 to \$234,468 or from \$52.11 to \$64.54 per square foot of living area. The subject's improvement assessment of \$232,315 or \$62.80 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
