

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Li Yang
DOCKET NO.: 20-02250.001-R-1
PARCEL NO.: 15-21-210-010

The parties of record before the Property Tax Appeal Board are Li Yang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,261
IMPR.: \$149,263
TOTAL: \$180,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 3,152 square feet of living area. The dwelling was built in 1996 and is approximately 24 years old. Features of the home include a basement, central air conditioning, one fireplace, and a 748 square foot attached garage. The property has an approximately 10,018 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood code as the subject property and located within 0.55 of a mile from the subject. The appellant reported that the comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,861 to 3,243 square feet of living area. The dwellings are from 19 to 24 years old. Each comparable was reported to have

an unfinished basement, central air conditioning, and a 506 to 776 square foot attached garage. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$124,300 to \$147,862 or from \$41.70 to \$45.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$137,663 or \$43.67 per square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,524. The subject property has an improvement assessment of \$149,263 or \$47.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.21 of a mile from the subject. Each comparable is reported to be improved with a 2-story dwelling of frame exterior construction with 3,152 square feet of living area that was built in 1996. The comparables each have a basement with two having finished area, central air conditioning, and either a 506 or 748 square foot attached garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$149,814 to \$153,307 or from \$47.53 to \$48.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables to support their respective positions. The Board gives less weight to the appellant's comparables and board of review comparables #2 and #4 which differ from the subject in dwelling size or basement finish. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are identical or nearly identical to the subject in age, dwelling size, and other amenities. These comparables have improvement assessments of \$149,814 and \$150,300 or \$47.53 and \$47.68 per square foot of living area, respectively. The subject's improvement assessment of \$149,263 or \$47.36 per square foot of living area falls below the improvement assessments of the two best comparables in the record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
